

Gatwick Construction Limited is a specialised construction and engineering business delivering a wide range of project building and maintenance services to the UK Airport, Rail and Road Markets. Its ISO 9001:2015 certificated scope of activities is "delivering project building and maintenance services to UK Airports, Rail and Road markets".

Gatwick Construction Limited has a mission to meet and exceed customer expectations and become a preferred provider of quality services to the Transport and Construction sectors.

This will be achieved by:

- The use of qualified and competent personnel
- Regular training
- Health & safety compliance
- Maintaining a superior standard of customer service
- Offering a service that is viewed as value for money
- Providing a framework for setting measurable objectives

To meet this commitment, the company will operate a quality management system that meets the requirements of ISO 9001:2015.

It is the Company's objective to implement this quality policy continuously and to demonstrate its commitment to ISO 9001:2015 standard through registration and annual review.

Gatwick Construction Limited is committed to meeting customer and regulatory requirements and to continually improving the effectiveness of the quality management system, as part of the overall continual improvement process.

The Company recognizes that achievement of quality depends upon the competence, commitment and contribution of all its employees.

To facilitate this, everyone is made aware of the policies, procedures and standards that form the company management system and are encouraged to contribute to its continuing improvement.

It is the Company's belief that in applying these standards, it will be able to meet the requirements of both its clients and the Industry as a whole, whilst simultaneously achieving our principles held within the general strategic direction of our business
